

ABOUT OUR MARINA

Welcome to the Hyatt Regency Mission Bay Spa and Marina, commonly known as the most desired Marina in San Diego. We are proud to be part of the Mission Bay community, situated on a resort-style hotel property with the best amenities in the region all available to our slip holders.

The reinvented waterfront Hyatt Regency Mission Bay Spa and Marina features 430 modernized guestrooms, three new swimming pools with waterslides, a health club on the water's edge and lush landscaping throughout the property.

SWIM, a chic poolside bar and lounge serves scratch-made cocktails and a fusion menu of Pan-Latino inspired dishes.

Red Marlin, the new signature waterfront restaurant, features panoramic views of Mission Bay and the Marina. The California-Modern menu created by Chef de Cuisine Danny Bannister features locally-grown produce and fresh ingredients.

The new eco-friendly Blue Marble Spa, a member of the HyattPure™ Spa collection, dispenses the myth that conservation can't go hand in hand with luxury. A place of incredible beauty and intelligent design, Blue Marble offers a spa experience that will exceed your expectations, with treatments featuring organic and all-natural products and eco-friendly practices.

As tenant or daily guest of our Marina, we are confident you will enjoy all of the amenities this property has to offer. We are delighted in your interest and look forward to you joining us at our Marina.
